Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant discussed the claimed invention and the relevance of Holbrook and Bailey. In particular, applicant argued that Holbrook never shows comparing the categories. Examiner pointed out this limitation is not claimed. Application further argued that Holbrook does not disclose "generating a document of the search results based on the ranking of the lists of search results. Examiner disagreed and pointed to Fig.4-5 and Fig.9 of Holbrook clearly shows the search criteria ("ars") with a list of search ranking results (element 408, 1-4, for example). .
